Left: Major Herschel H. Allen, past president and director of the American Shorthorn Breeders' Association. He is the guiding spirit of Hi Ho Farms and of the Shorthorn industry in the East.

It is the wish of the Allens and the other breeders associated with them in this sale that as many visitors as possible arrive on Sunday, April 20th, the day prior to the sale. After a day of cattle inspection we invite all to be guests for a buffet supper at Hi Ho Farm at 6 p.m. We promise a pleasant day for all.

Below: Mrs. Herschel H. Allen will be certain to greet you with this same smile on sale day.

Lush pastures with shade, water and ample housing are to be found at Hi Ho Farm.

## ***Our Shorthorn and Polled Shorthorn Friends, far and near . . .***

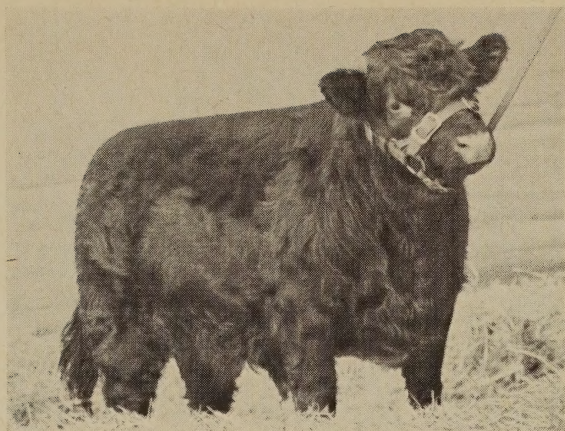

To those who share with us the challenge to produce better beef cattle, and to those who feel as we do that the best can be produced through the use of Shorthorn blood, we say, "Welcome to Hi Ho Farm and to the Hi Ho Invitational Sale." Although this word of greeting will be signed only by me, I am mindful that I am also speaking for all the fine folks at Seventh Partner Farm, Northwest Farms, Tujays Farm, Echo Farm and Gladstone Farm. These are our associates in this sale and we are as proud of the work they are doing in behalf of the breed as we are of our own efforts.

This sale was established on an annual basis as a means of proving to beef cattlemen everywhere that seed stock of the highest quality is available in Maryland. Encouraged by the widespread interest displayed in our former sales, we have put renewed determination into our 1958 effort. Again, as in former years, both Shorthorns and Polled Shorthorns are included. We offer them with great pride and in the firm belief that a finer group has never been exposed for sale in a public auction on the Eastern seaboard. All are top individuals and all are backed by bloodlines that will insure top performance.

Since our farm has again been selected as the site for this sale, all of the members of our own organization join the members of our associate organizations in bidding you welcome. Although the sale is to be held on Monday, April 21st, we hope you will all gather with us on Sunday for a day of visiting and inspection. The six farms are located within a 60 mile radius and arrangements will be made for you to visit any or all of them if you so desire. At the end of the day we want you to be the guests at a social hour and buffet supper at Hi Ho Farm. We promise a pleasant day for you.

**HERSCHEL H. ALLEN**

Left: **Hi Ho Factor 5th**, a great calf now under development at Hi Ho Farm. He will be the junior yearling in our 1958 show herd. He is by Louada Factor and his dam is the imported cow Augusta Sally by Cruggleton Annexe.

#### ABOUT THE FRONT COVER PICTURE

The picture on the front cover of this catalog shows the head of Louada Gambler, the famous son of Calrossie Armada that is in service at Hi Ho Farms. A full view picture of this bull appears on page 9. Be sure to study the calves by Louada Gambler when you come to this sale. They are the kind you would expect from a bull with such a head.

Success in the field of improved livestock comes only to those breeders who have a type in mind and who constantly strive toward this type. This picture shows three animals produced on the farm where this sale is to be held. This is the type that will be found throughout this sale. The trio, sired by Edelyn Yankee Mercury, won second prize in the junior get-of-sire class at the 1955 International Live Stock Show. All three were sold in the 1956 "Stars of the East" Sale and are now owned respectively by George Arrowsmith, Upperco, Maryland, Seventh Partner Farm, Edgewater, Maryland, and Foxdale Farm, Duluth, Georgia.

## The breed that earns EXTRA dividends

Breeders of Shorthorns and Polled Shorthorns have reason to feel elated today because the characteristics that all beef cattle producers are striving for are those that belong to this breed **by right of inheritance**. The dump, squatty, refined type of beef animal is outmoded and those with more size, bone and substance are finding favor everywhere. Profits are figured from pounds and the records prove that Shorthorns will carry more prime beef out of any feed lot in a given length of time than any other breed.

Where can one go to find the Shorthorn seed stock that will pave the way to better beef production? The cattle in this sale meet all of the qualifications. They are individuals of thoroughly modern type. They are bred to reproduce this type. They are produced in herds that are accredited for both Bang's and T. B. And behind these cattle are breeders of highest integrity, men who will never knowingly sell an inferior animal for breeding purposes.

I am delighted with the quality of the cattle in this sale. The pedigrees are strong and the offering is packed with bulls and females of showyard form. It will be obvious to those who attend that the tops from six great herds, both Shorthorns and Polled Shorthorns, have been assembled for this event.

I urge you to attend and I hope you will arrive the day ahead of the sale for a leisurely inspection of the cattle and to partake of the Hi Ho brand of hospitality which is always a delightful experience.

**The best sires of the breed are in service in the herds of those who are supplying the cattle for this sale. We have pictured only a few of them.**

Left: **Aberfeldy Model** by Imp. Crichton Drambuie. In the Hi Ho herd he has been a consistent sire of top prize winners. A bull and fourteen outstanding heifers by him are selling.

Below: **Lanedale Leader 2nd x**, the \$5,000 Polled Shorthorn bull that is owned jointly by Hi Ho Farm and Thos. M. Bancroft, Sandy Springs, Maryland. A son of Carona Fascination x, sire of an international grand champion bull and first prize "get".

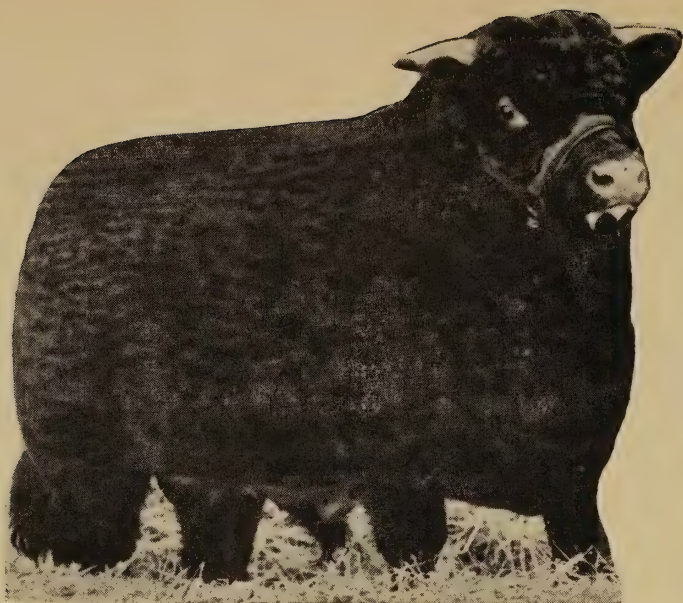

Left: **Louada Gambler** by Calrossie Armada. Always in search of the best in herd bulls, this bull was purchased by Hi Ho Farm at \$8,000, top of the 1955 Louada Sale. He is a full brother to Louada Fortress that sold in the same sale to A. R. Cross, Calgary, Alberta, at \$7,000. Three outstanding bulls and four beautiful heifers in this sale are by Louada Gambler.

Right: **Burnton Serenade**, purchased by Hi Ho Farm in Scotland from the same herd that produced the 1954 supreme champion bull at Perth. Sire, Corrimony Golden Sovereign. Nine choice heifers by him are selling in this sale.

Left: **Louada Factor**, the son of Calrossie Armada whose calves everywhere are sensational. Now owned by Hi Ho Farm, he is the sire of three herd heading bulls and four herd building females selling in this sale.

Left: **Edellyn Yankee Mercury**, a great herd bull at Hi Ho Farm. This grandson of Imp. Calrossie Mercury sired the three calves pictured on page 7 of this catalog.

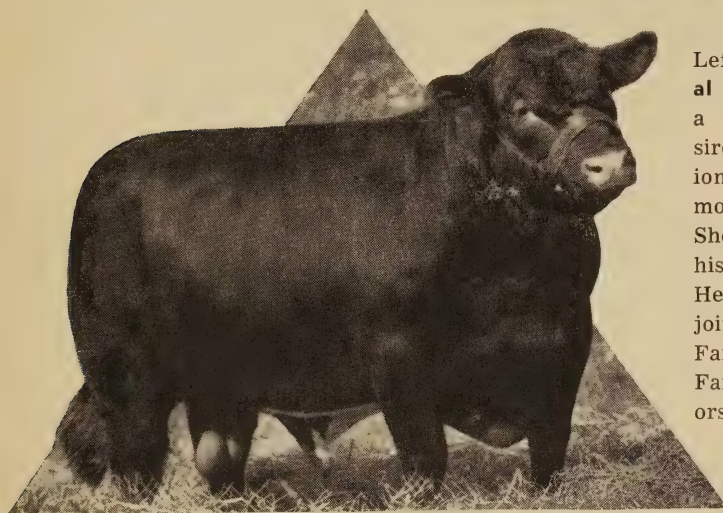

Right: **Echo Goodyear x**, a son of Canford Goodyear x that has been used liberally in the herd at Echo Farm. Lots 58 and 59 in this sale are both in calf to him. This tried Polled Shorthorn sire will be sold in the Shenandoah Valley Sale at Winchester, Virginia, on May 10 and will be a great buy for someone.

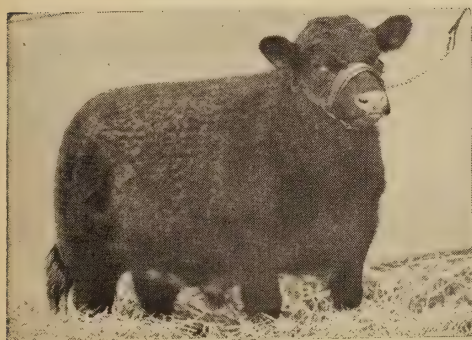

Left: **Lanedale Leader x**, the first son of the noted Carona Fascination x. A great sire in the herd at Echo Farm. Two polled daughters will sell in this sale. See Lots 58 and 59.

Right: **Oakwood Historian x**, senior stock bull at Tujays Farm. This son of Commander-in-Chief x has been a consistent sire of top winners at Eastern Shows. Two polled daughters will sell in this sale. See Lots 50 and 54.

Left: **Cherry Hill Royal Oak x**, many times a champion himself, sire of many champions, and one of the most famous Polled Shorthorn sires in the history of the breed. He is now owned jointly by Tujays Farm and Northwest Farm, both consignors to this sale.

**Canford Goodyear x**, polled son of Kelburn Yesteryear out of the famous cow Village Queen 2nd x by Collynie Goods 2nd x. Bred at Canford Farm and now owned by Northwest Farm.

**Carona Clarion x**, owned by Tujays Farm. This son of the noted Cherry Hill Royal Oak x won grand championship at the 1955 National Polled Shorthorn Show at Des Moines, Iowa. Two polled daughters sell in this sale.

**And here a few more of the famous herd bulls whose  
get and service will be featured . . .**

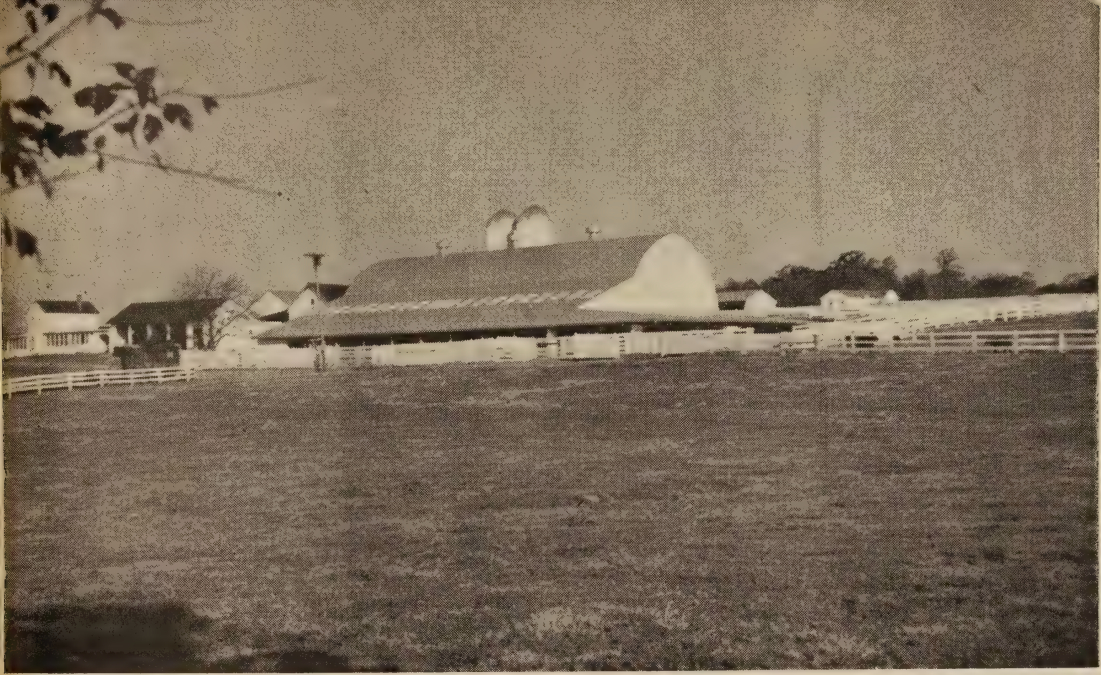

**Left: Tujays Command x** by Oakwood Historian x and out of a dam by Lynnwood Leader x. He was shown in 1956 and was champion at every county and state show where exhibited, always in horned competition. He was also a member of the first prize pair of calves and was reserve junior champion at the Atlantic Rural Exposition. He is now siring great calves in the herd at Tujays Farm.

**Right: Cherry Hill Royal Highness x**, a son of Edelyn Royal Leader 2nd. He has greatly improved the quality and character of Polled Shorthorns in the East. Much of his blood will be found in the herd at Northwest Farms.

**Left: Rosemeade Sensation x** by Cherry Hill Royal Highness x. He was bred and used with great success by Canford Farm, a herd that is now owned in its entirety by Northwest Farms. Rosemeade Sensation x is now owned by J. McKinney Willis, Jr., Easton, Maryland.

Well fenced paddocks and practical buildings insure the proper health and development of calves at Hi Ho Farms.

***On following pages  
will be found a  
few facts about the  
breeders selling in  
this sale.***

Herschel Allen, Jr., owner of the Hi Ho Herd and George Beattie, U. S. Government Experimental Station, whose advice is sought by all Shorthorn breeders.

Herschel Allen, Jr., owner of the Hi Ho Herd, is missing but here are four other members of this fine family. From left to right: Lenee, Aimee, Mrs. Herschel H. Allen, Jr., and Herschel H. Allen III, better known as "Little Ho."

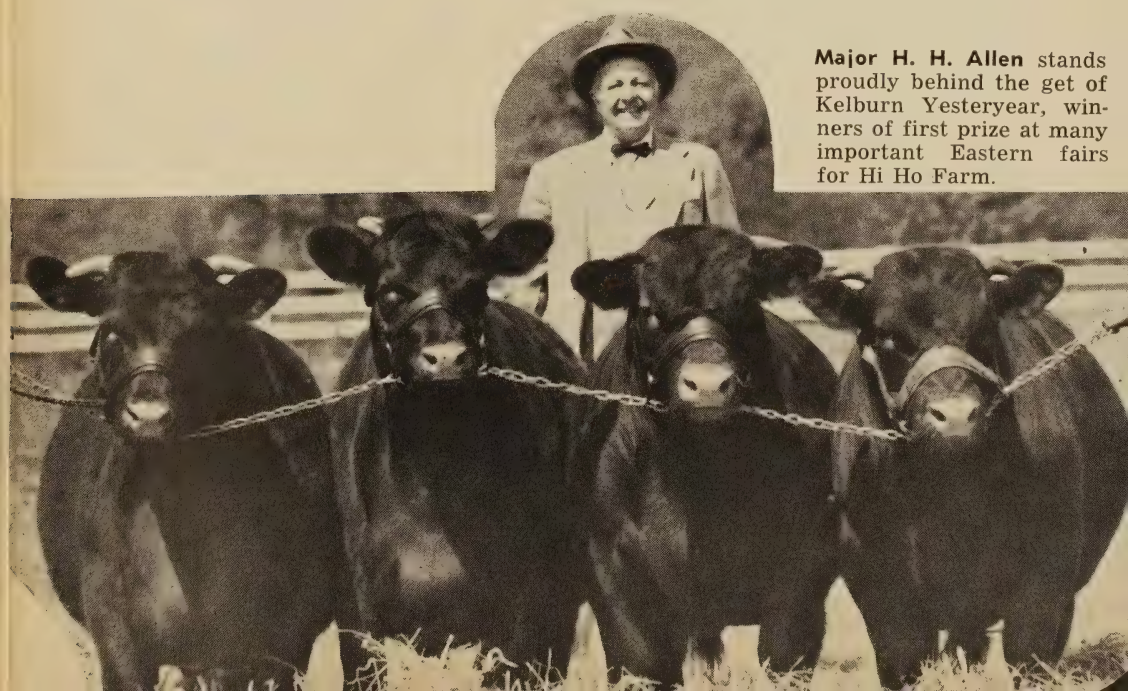

Right: The get of Aberfeldy Model, top winners at many leading shows for Hi Ho Farms.

**THE HI HO HERD** . . . Located near Loch Raven on Gunpowder River on Jarrettsville Road (Route 146), 7 miles north of Towson, Maryland, in the rolling hills of Baltimore County. One of the most beautiful farms in the area, ideally adapted to the rearing of healthy seed stock. Established by Major Herschel H. Allen, Baltimore, consulting engineer, and capably managed by his son Herschel, Jr. (better known as Ho Allen), the herd maintained on this farm perhaps contains as perfect a representation of today's top bloodlines as any herd in North America. The owners, ever watchful for the lines of breeding that are resulting in winning calves, have traveled wherever necessary to obtain the seed. As a result, the herd contains a cross section of the best from Scotland, Canada and the United States. Both Shorthorns and Polled Shorthorns are maintained at Hi Ho and herd bulls of the highest rating have been used. In service today are the following sires: Aberfeldy Model, whose record of siring winning calves at Eastern shows is without equal; Burnton Serenade, personally selected in Scotland by the owners; Louada Gambler and Louada Factor, two sons of the noted Calrossie Armada that are being used for an intensification of the blood of the great Calrossie Welcome; and Lanedale Leader 2nd x, famous polled son of the noted Carona Fascination x. Founded, owned and managed by experts in the field of animal husbandry, the Hi Ho Herd is easily one of the tops of the breed. Bill Smith is in charge of farming, Al Martin is the capable herdsman, and he has an efficient helper in Eugene Burkins.

**Major H. H. Allen** stands proudly behind the get of Kelburn Yesteryear, winners of first prize at many important Eastern fairs for Hi Ho Farm.

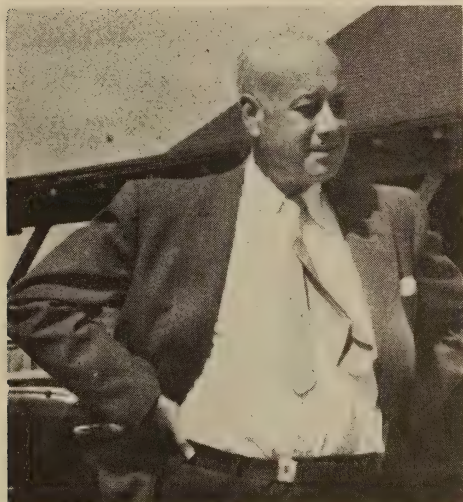

Mr. and Mrs. John Huff, owners of Tujays Farm, are shown here with their children and the champion heifer, Tujays Red Rosewood x.

**TUJAYS FARM** — Owned and operated by John and Jane Huff, this farm gets its name from the fact that the owners' names both start with the letter J. Polled Shorthorns are the specialty and good blood has resulted in high quality. Oakwood Historian x, son of Commander-in-Chief x, has made an enviable record and is being followed by Carona Clarion x, grand champion at the 1955 National Polled Shorthorn Show, and more recently by his famous sire, Cherry Hill Royal Oak x that is now owned in partnership with Northwest Farms. Tujays is a family enterprise with both adults keenly interested and the juniors active in 4-H Club activities. John Huff, owner and active manager, is district agent for Goodyear Tire & Rubber Company. The farm is located on Route 45, five miles north of the Timonium Fair Grounds. Charles R. Liller is herdsman.

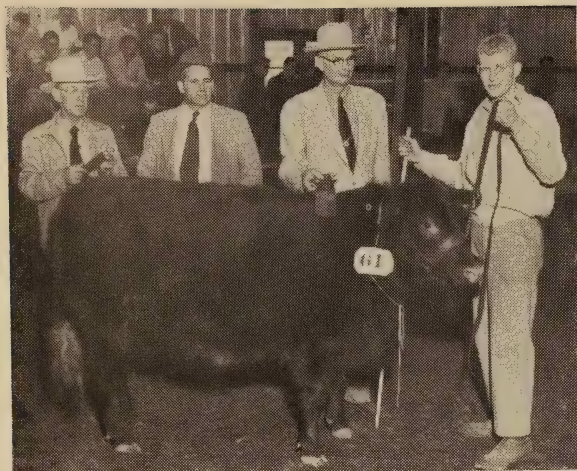

Dr. Dudley Babb, pictured above, is the owner of the Echo Farm Herd from which a strong consignment will come for this sale.

**ECHO FARM** — Located in Baltimore County on land adjoining Tujays Farm, this farm is owned by Dr. Dudley Babb, Baltimore ear, nose and throat specialist, and his wife Peg. The herd, founded during the last ten years, is the result of good planning, and the strong herds of the East and Midwest were patronized for the best families available. Polled Shorthorn bulls have been used and the polled calves are of very high quality. Lanedale Leader x, a very good son of the noted Carona Fascination x, has been used with great success and he is assisted at present by Echo Yesteryear, a son of Harry Cannaday's good sire, Canford Goodyear. Husband and wife, both good managers, are equally interested in this herd and they have the capable assistance of Jack Matthews in management problems.

**SEVENTH PARTNER FARMS** — Located in Anne Arundel County in southern Maryland, this establishment is owned by Miss Inez Knighton. The herd was established five years ago almost entirely on carefully selected females from the Hi Ho Herd. Hi Ho herd bulls have been used exclusively and the females from this herd in this sale are all mated to the famous sire in service at Hi Ho.

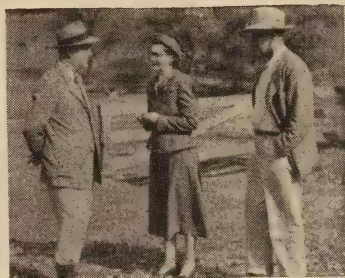

Shown here is the great heifer **Gladstone Pauline x**, bred and exhibited by E. G. Terpenning, Thurmont, Maryland. This heifer was awarded reserve grand championship at the 1955 Polled Shorthorn Congress. This daughter of Cherry Hill Cornerstone x was purchased at \$1,000 by Hi Ho Farm. Standing behind the heifer are E. G. Terpenning, Dr. W. P. Garrigus, University of Kentucky, the late Carl M. Johnson, DeKalb, Illinois, and Skip Wolf.

**GLADSTONE FARM** — A beautiful and well kept farm in Northern Maryland, located midway between Emmettsburg and Thurmont just off Highway 15 and not far from the farm owned by President Eisenhower. The farm and herd are owned by E. G. Terpenning, who has the reputation of giving every calf full opportunity for development. Numbering 80 bred cows, this Polled Shorthorn herd is one of the strongest in the East. Cherry Hill Cornerstone x was one of the best sons of Edellyn Royal Leader 2nd x, made a sensational record in this herd and his daughters are producing excellent calves when mated to the present herd sire, Hi Ho Mercury 5th x by Edellyn Yankee Mercury.

**NORTHWEST FARMS**, Butler, Maryland, owned by Dr. and Mrs. Donald Hebb, is rapidly reaching a commanding position in Eastern Shorthorn and Polled Shorthorn circles. Established in a modest way about five years ago, the herd has jumped in both size and strength to a total of approximately 70 cows through heavy purchases in the Warwick Manor Dispersion and through the purchase of the entire strong herd formerly owned by Mr. and Mrs. Harry Cannaday. In 1956 the very good stock bull Lynnwood Goldspur x by Lane-dale Fascination x was purchased from Lynnwood Farm, and he has the capable assistance of the great sire Canford Goodyear x that was acquired with the Cannaday Herd. Recently the famous sire Cherry Hill Royal Oak x was purchased in partnership with Tujays Farm and great things are expected of him. The Northwest Farms consignment to this sale is very strong.

Hal Longley, publisher of The Shorthorn World and manager of this sale, stops for a visit with Harry and Inez Cannaday, owners of Canford Farm. The Cannadays, boosters of Polled Shorthorns, recently sold their farm and the herd went in its entirety to Dr. and Mrs. Donald Hebb, owners of Northwest Farms.

**Hi Ho Golden Nonpareil x**, a typical Hi Ho production. This daughter of Kelburn Yesteryear won many championships at Eastern shows and stood second in the senior yearling class at the 1952 International. Lot 13 in this sale is from the same family.

And now comes the parade of 59 outstanding sale animals. Many are excellent show prospects, all are richly bred, and all are capable of working improvement wherever they go. We offer them with pride. You may buy them with confidence. You need have no worries about the health qualifications of the cattle in this sale. Maryland health requirements are rigid. All six herds participating in this sale are state accredited for BOTH BANGS and TB and calfhood vaccination is practiced regularly. These cattle can go ANYWHERE.

**Augusta Effie**, a beautiful heifer produced in the Hi Ho herd. She was purchased at \$2,000 by Marell-Farms, Libertyville, Illinois, in our 1956 sale. She is out of the same dam as Lot 1 in this sale.

**Hi Ho Model 40th** — Shown successfully in 1957 being undefeated in class at Eastern state fairs and a member of the undefeated get-of-sire wherever shown. He has developed nicely. His imported dam, bred by A. J. Marshall, has done a grand breeding job. Reford Gardhouse showed one of her sons to the reserve junior championship of the Canadian National Exhibition and later sold him for \$3,000. Marellbar Farms bought a daughter of this cow in our 1956 sale for \$2,000. We have several females of this same breeding and they are easily among our best.

**Victoria Gail** — A daughter of Louada Factor that will make a good junior yearling for 1958 shows. Her dam is one of our better cows and is a full sister to Wheatland Vulcan, a bull that is doing a good job on the West Coast. Two uterine sisters were tops in former Hi Ho sales, one going to Ashbourne Farms and the other to Myrtle Lake Farms. She was vaccinated for Bang's on October 22, 1957. Sells open.

**Dorothea Nonpareil**, produced in the Hi Ho herd. She was purchased in our 1955 sale by Captain Cyril H. Mumford, Hampton, Ontario, at \$1,300. She is out of the same dam as Lot 20 in this sale.

Calfhood vaccination for Bangs is practiced in the herds participating in this sale and all six of these herds are accredited for Bangs Disease. Health certificates will be issued on sale day under the supervision of the Maryland State Veterinarian.

**Terms** — The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

**Liability** — The above guarantee and terms shall constitute a contract between seller and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owners. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

**Inquiries About Cattle Listed** — The Sale Manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 S. Locust Street, Aurora, Illinois.

**Announcements on Sale Day** — Although all information contained in this catalog is correct to the best of our knowledge at the time of printing, we must reserve the right to make announcements of correction. Accordingly, please understand that announcements made from the auction block on sale day will take precedence over matter printed in this catalog.

**Phone Number** — The telephone number at Hi-Ho Farm is Cockeysville 1185-J.

Baltimore is on many railroads and air routes. Service is excellent from New England, Western or Southern states. Equally good service is available to those who wish to travel by plane or bus. We ask those who do not drive their own cars to go directly to the Belvedere Hotel, the sale headquarters, immediately upon arrival in Baltimore. Transportation to the farm will be provided.

Motorists will find the drive to Baltimore most interesting at this season of the year. Motorists coming from the north and west should remember that Hi Ho Farm is located 15 miles north of Baltimore, and that they do not need to go into the city unless they so desire.

Bear in mind that the nation's capital is only 50 miles south of Baltimore. We suggest that you visit this famous city while you are in this vicinity.

If you wish help in planning your trip or in arranging hotel reservations, please contact the Sale Manager, Hal Longley, 16 South Locust Street, Aurora, Illinois.

# Standard Guarantee . . .

## of American Shorthorn Breeders Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such a case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

All animals sold in this sale will be backed by the above Standard Guarantee.

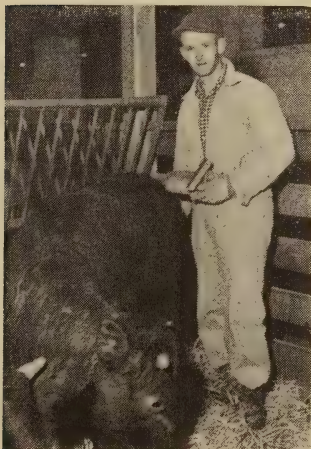

**Eudora Nonpareil**, a typical production of the Hi Ho Herd. She was reserve grand champion female at the 1956 Atlantic Rural Exposition. She is shown here with Judge Bob Long, Herschel Allen, Jr., and George Beattie.

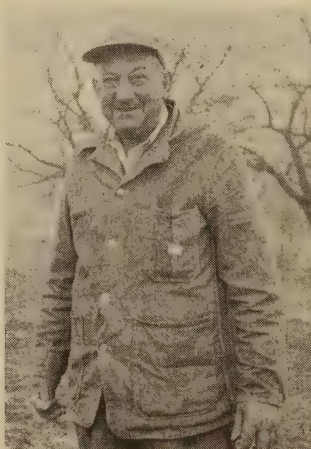

Here's proof that bulls produced in the Hi Ho Herd make good for those who buy them. Some time ago, Leon Risser, owner of Jammer Dahl Farms, Lititz, Pennsylvania, bought the bull Hi Ho Gold Dust. Shown in this picture is his daughter J. D. Merry Augusta 2nd that was named junior and grand champion female at the 1957 Pennsylvania Farm Show. Behind the heifer are: Clyde Brubaker, Ephrata, Pa., Miss Dorothy Stehman, Lancaster, Pa., and Leon Risser.
